

Government Bodies – Benefits Realisation Timeline

Dependencies:

Target – Number of ULNs
 Target – Number of active LRBs/Users
 Target – Data quality framework targets
 Target – Realtime data

Target – Number of ID verified ULNs
 Target – Adoption of webservice
 Target – Programme plan milestones
 Performance Indicator – Level of data challenge

Notes:

Most benefits will build up gradually over time up to full adoption and implementation of the MIAP services. The build up can be accelerated as MIAP supports more major policies, strategies and programmes.

KEY: **Green** – benefit **Red** - disbenefit
