

Learners – Benefits Realisation Timeline

Dependencies:

Target – Number of ULNs
 Target – Number of active LRBs/Users
 Target – Realtime data
 Target – Populated Learner Records
 Performance Indicator – Level of data challenge

Target – Number of ID verified ULNs
 Target – Data quality framework targets
 Target – Programme plan milestones
 Performance Indicator – Level of learner opt out
 Performance Indicator – User Satisfaction

Notes:

Most benefits will build up gradually over time up to full adoption and implementation of the MIAP services. The build up can be accelerated as MIAP supports more major policies, strategies and programmes.

KEY: **Green** – benefit **Red** - disbenefit
